THE HOTEL

Accommodation

We offer 182 guest rooms and 4 one-bedroom suites. After a day of successful networking, and strategising your delegates can retreat to our modern rooms, most with views of the Coronet Peak or the Remarkables mountain range. Our rooms are cleverly designed and offer all the creature comforts of home including adjustable lighting, work desk, and easy to use technology with smart TVs and free Wi-Fi so you can keep connected during your stay.

Meeting Rooms

Our contemporary meeting spaces feature natural light, state-of-the-art AV and unlimited Wi-Fi. For larger events, our rooms can easily transition into a larger space for up to 200 people. Pre-function spaces flow into the open lobby - an inviting, comfortable, gathering place for colleagues to connect, eat, drink, and relax.

We also offer our Remarkables Boardroom, perfect for the smaller meetings. Equipped with a Flat Screen TV with built in Camera and Microphone suited for those online meetings or remote attendees.

Facilities

Our hotel provides a range of excellent facilities available to all guests during their stay. For those who enjoy staying active, we offer a 24-hour gymnasium, perfect for a workout before or after your day. Our ski storage room is ideal for guests heading up to the mountain for an adventure. After a day of exploring, unwind at our Giants Bar, where you can enjoy a selection of expertly crafted cocktails, including locally inspired drinks, in a relaxed atmosphere.

Location

Our location next to Remarkables Park, puts you in Queenstown's sweet spot for access to iconic activities and offsite venues. A round of golf at the home of the New Zealand Open, an afternoon wine tasting at some of Otago's more prestigious wineries, mountain biking, jet-boating, breweries, or even the home of New Zealand's largest bungy jump... the choice is all yours.

If your event coincides with the winter season, then there's no better full-service hotel that offers modern accommodation just 25 minutes away from the TOP of The Remarkables ski area, or 40 minutes to the TOP of Coronet Peak, without compromising on conveniences.

Only a 10 minute drive into the center of Queenstown, allows you easy access without being in the hustle and bustle of the thriving town.

Being so conveniently located to the Airport, some may think we fall under the umbrella of an airport hotel, however be prepared to be wrong.. Our sleek, modern look defies expectations and provides a luxurious and refined feel for all guest.

Introducing our

TO-GO-CAFÉ BAR RESTAURANT

For distinct food and drink options which cater to all business events, let us introduce you to Giants – a dining venue that takes its inspiration from the mighty Remarkables mountain range. Serving an Otago focused menu which is rustic yet refined, Giants aims to inspire with it's modern take on classic cuts and popular dishes.

Whether it's a modern setting for your event lunch, post function drinks, or a group dinner away from the conference environment, Giants offers a comfortable, versatile space for up to 75 people seated, or 120 standing, just steps away from our main meeting rooms.

Ask about our table buffets featuring dishes from the Giants menu, for groups of up to 100 guests.

ENVIRONMENT SUSTAINABILITY

We know more and more of our conference guests are looking for a greener hotel stay. That's why Holiday Inn Queenstown Remarkables Park participates in the Green Engage program, an initiative that helps us manage waste, water, and energy consumption, while supporting both the environment and the local community where you are holding your event. As of April 2025, we are proud to operate on 100% renewable energy, an incredible achievement for a hotel of our size, reinforcing our commitment to delivering events that are not only seamless, but sustainable.

Or join the conversation at www.facebook.com/IHGCorporateResponsibility.

In addition to this, we are proud to support our local community through our partnership with KiwiHarvest. Surplus food from our events that would otherwise go to waste is collected and redistributed to those in need. Our team even uses e-bikes to transport donations locally, reducing emissions while supporting organisations such as Abbeyfield Wakatipu. It's a small but meaningful way we ensure your event contributes positively beyond the conference room.
